

504 Pick-up

504 Pick-up

The new 504 Pick-Up. Rugged enough to take all the work you want to give it. Just as tough and reliable as the world-famous saloons and estate models from which it is derived – just as comfortable, and great value for money.

The stylish lines of the 504 Pick-Up may deceive you, but it is a large capacity, hard working vehicle, ready to adapt to all kinds of commercial tasks. With canvas tilt*, the 504 Pick-Up has the same covered load capacity as a large van, but with the versatility only the Pick-Up can give.

Whether performance or economy is your priority, you have the choice of two power units (1618 cc petrol or 1948 cc diesel), but both engines have been developed to give you solid power and smooth

low speed torque to cope with a load of up to 2260 lbs (1025 kg). And with 504 suspension, the ride is just as good with a heavy load.

Inside, there's the level of comfort you would expect from a saloon, but adapted to suit the commercial world. There's room in the wide cab for three passengers, including the driver, on a bench seat upholstered in hard-wearing Tepluxe. There's also the same heating and ventilation system used on the 504 Saloon, which includes a variable speed fan. The dashboard also incorporates a radio mounting point (pre-wired) and a handy storage compartment.

The new 504 Pick-Up – rugged, reliable and comfortable.

*Optional accessory.

504 Pick-up

SPECIFICATION.

Bodywork and General Information

Body
Integral all-steel body with electrophoretic anti-corrosion treatment.
3-person bench seat.

Dimensions

Overall length: 15ft 6in (4.74m)
Overall width: 5ft 7in (1.71m)
Height unladen: 5ft 0½in (1.54m)
Height laden: 4ft 9in (1.46m)
Wheelbase: 9ft 10in (3.00m)
Load floor length
(with tailgate up): 6ft 7in (2.00m)
Box side height: 1ft 2in (0.36m)
Box width: 4ft 11in (1.50m)
Width between wheel arches: 3ft 7¾in (1.11m)
Loading height from ground: 2ft 4¾in (0.73m)

Fuel Tank
Capacity: 14 gallons (64 litres)

Weight
Kerb weight: petrol 2590 lbs (1175 kg)
diesel 2723 lbs (1235 kg)
Max. laden weight: petrol 5015 lbs (2275 kg)
diesel 5148 lbs (2335 kg)

Max. payload
(includes driver and
1025kg evenly distributed): 2425 lbs (1100kg)

Towing
Max. towing capacity
(trailer with brakes,
within limits of max. rolling
weight): 3086 lbs (1400 kg)
Max. rolling weight: petrol 7661 lbs (3475 kg)
diesel 7793 lbs (3535 kg)

Mechanical

Gearbox
Synchromesh gearbox with four forward speeds and reverse.
Floor-mounted gear lever. Diaphragm-type clutch with ball-bearing thrust.

Suspension
Front: independent coil springs with Peugeot double-acting shock absorbers and anti-roll bar.
Rear: longitudinal leaf springs.

Brakes
Dual circuit braking with drums all round.

Steering
Rack and pinion steering. Overall turning circle: 39ft (12m).

Electrical system
12 volt electrical system with alternator.

Tyres
185x15 radial tyres on 5Jx15 steel wheels with five-stud fixing.

Engines

4-cylinder engine mounted longitudinally driving the rear wheels. Cast iron block. Aluminium cylinder head (hemispherical combustion chambers on petrol models). Removable wet cylinder liners. 5-bearing forged steel crankshaft. Push-rod operated overhead valves.

	Petrol	Diesel
Bore/stroke	84x73	88x80
Cubic capacity:	1618 cc	1948 cc
Compression ratio:	7.6/1	21.8/1
Max. power (ISO)	44.5kW at 5200rpm	34kW at 4500rpm
Max. power (DIN):	62bhp at 5200rpm	49bhp at 4500rpm
Max. torque (ISO):	83.7ftlbs (11.8mdaN) at 2000rpm	73.1ftlbs (10.3mdaN) at 2100rpm
Max. torque (DIN):	88.2ftlbs (12.2mkg) at 2500rpm	79.6ftlbs (11.0mkg) at 2100rpm
Max. speed (without canvas tilt):	81 mph (130km/h)	72mph (115km/h)
Max. slope when starting in 1st gear (vehicle loaded):	17.5% (1 in 6)	14% (1 in 7)

Equipment

Equipment includes the following items:—

- Radio mounting point.
- Variable speed heater/demister fan.
- Twin door-mirrors.
- Ashtray.
- Rubber floor covering.
- Seat belts.
- Sunvisor.
- Interior light.
- Adjustable seat.
- A canvas tilt is available as an option.
