Useful length	2.040 m
Useful width	1.800 m
Height of sides	0.250 m
Hydraulic equipment : pump with 12-V, 1,000-W DC motor.	

PLATFORM

(PSP)

General description : to complete the basic pick-up, HEULIEZ offers a platform with hinged sides. Tarpaulin optional.

Its flat bottom, unencumbered by wheel housings, its removable sides and end gates, its standard front ladder carrier, and the chest between its side members make it a flexible working tool suitable for a wide variety of trades.

Bottom of marine plywood ; hinged sides and end gates of sectional steel.

Technical characteristics :

Weight, unladen	1.360 kg
Capacity (about).	1.150 kg
Ground area	9.3 sq.m
Useful length	2.330 m
Useful width	1.840 m
Carrying area	4.29 sq.m
Side height	0.400 m
Height of load surface, unladen	0.910 m

Technical characteristics are given for information only.

For all additional information, refer to the manual accompanying the vehicle acceptance certificate.

IN THE INTEREST OF THEIR CLIENTS, S.A. AUGEREAU RESERVE THE RIGHT TO CHANGE THE FEATURES OF THE ITEMS DESCRIBED IN THIS DOCUMENT WITHOUT NOTIFICATION.
