

PEUGEOT 504 *GL*

THE NEW PEUGEOT 504 GL. ENGINEERED LUXURY AND DURABILITY.

The Peugeot 504 GL wasn't just designed, it was engineered for total performance. With a concept that goes further than its sleek thoroughbred lines. Peugeot engineers incorporated in the new 504 GL:

luxurious comfort, de luxe functionalism, durability... and security through safety features which meet the demands of the most discriminating driver. Peugeot owners are well-learned in the value of quality. Why not benefit from the experience of those who know. And test drive a Peugeot 504 GL.

504 GL DE LUXE

COMFORT: spacious interior; wall to wall carpeting; fully reclining bucket seats; contoured rear seats with retractable arm rest; three-circuit ventilation system; standard sun-roof and tinted windshield... and some colours come in metallic without extra charge.

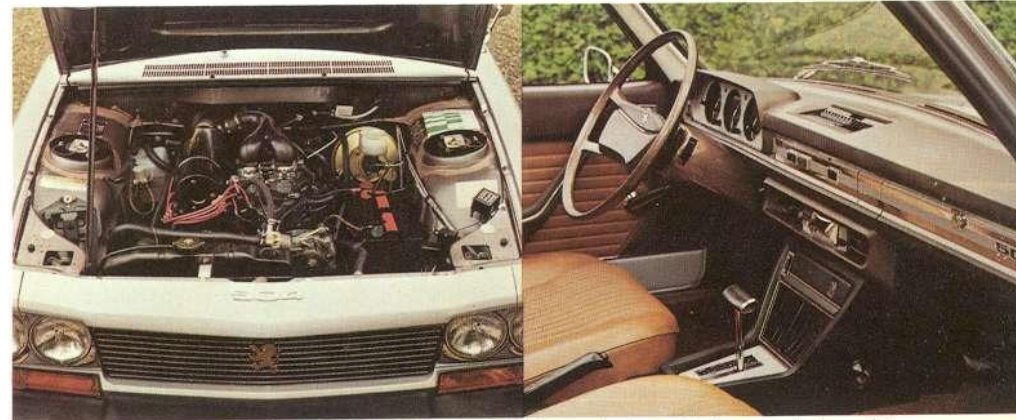

504 GL SAFETY FEATURES: front and rear anti-sway bars; low center of gravity; rack and pinion steering; disc brakes on all four wheels power assisted with brake equalizer; high speed Michelin XAS radial tires; four-wheel independent suspension; 331° visibility.

Standard equipment includes sun roof and panoramic tinted windshield; de luxe Monocoque construction assures durability and safety.

504 GL DURABILITY: Monocoque construction; stainless steel trim; primer coat "plated" by electrophoresis; engine stamina proven during East African Safari and 'Rallye du Maroc'.

Order a command-performance! You'll discover why owners of the new Peugeot 504 GL take a bow for discriminating taste.

4 cylinder, 2 liter engine with 2 single barrel carbs; overhead valves; 92 hp at 5600 rpm. Top speed 105 mph; cruising speed 85 mph; plus European style gas consumption.

Manual or automatic transmission with stick shift mounted on the floor; padded dash board; three circuit ventilation system; electric clock; trip odometer; warning lights for brakes and choke.

Station-wagon 504 GL. Compartment capacity: rear seat in upright position 41.34 cu. ft.; rear seat in down position 67.13 cu. ft.

On both the sedan and the station-wagon full width capacity is achieved because the spare tire (which is released from the inside) is slung underneath.

A unique feature of the station-wagon 504 GL is that all four doors open at an 85° angle permitting easy accessibility.
